

```
Windows PowerShell
(venv) PS C:\Users\Sanjana CA\OneDrive\Documents\CynarisInternship\W10D1_LangGraph_Stateful_Agent_Graphs> python -c "import langgraph
; print('LangGraph installed successfully')"
LangGraph installed successfully
(venv) PS C:\Users\Sanjana CA\OneDrive\Documents\CynarisInternship\W10D1_LangGraph_Stateful_Agent_Graphs> notepad main.py
(venv) PS C:\Users\Sanjana CA\OneDrive\Documents\CynarisInternship\W10D1_LangGraph_Stateful_Agent_Graphs> python main.py

=====
TESTING THREE-NODE LANGGRAPH
=====

--- TEST 1 ---
[CLASSIFY] Input: I want to learn Python
[CLASSIFY] Category: technical
[ROUTE] Routing to: technical
[RESPOND] Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.
Final Category : technical
Final Route    : technical
Final Response : Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.

--- TEST 2 ---
[CLASSIFY] Input: I have a Java programming question
[CLASSIFY] Category: technical
[ROUTE] Routing to: technical
[RESPOND] Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.
Final Category : technical
Final Route    : technical
Final Response : Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.

--- TEST 3 ---
[CLASSIFY] Input: How should I prepare for an interview?
[CLASSIFY] Category: career
[ROUTE] Routing to: career
[RESPOND] Career response: I can help with interviews, resumes, career planning and job preparation.
Final Category : career
Final Route    : career
Final Response : Career response: I can help with interviews, resumes, career planning and job preparation.
```

```
Windows PowerShell

--- TEST 4 ---
[CLASSIFY] Input: Hello, good morning
[CLASSIFY] Category: general
[ROUTE] Routing to: general
[RESPOND] General response: Hello! I can help you with general questions.
Final Category : general
Final Route    : general
Final Response : General response: Hello! I can help you with general questions.

--- TEST 5 ---
[CLASSIFY] Input: I need help with SQL
[CLASSIFY] Category: technical
[ROUTE] Routing to: technical
[RESPOND] Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.
Final Category : technical
Final Route    : technical
Final Response : Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.

=====
TESTING HUMAN-IN-THE-LOOP INTERRUPT
=====
[CLASSIFY] Input: I want to learn Python
[CLASSIFY] Category: technical
[ROUTE] Routing to: technical
[RESPOND] Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.

[HUMAN REVIEW] Graph paused.
[HUMAN REVIEW] Waiting for human input...

Graph execution paused for human review.
Current state:
{'user_input': 'I want to learn Python', 'category': 'technical', 'route': 'technical', 'response': 'Technical response: I can help w
ith Python, Java, SQL, programming and AI/ML topics.', '__interrupt__': [Interrupt(value={'message': 'Please review the response and
enter APPROVE or EDIT.', 'current_response': 'Technical response: I can help with Python, Java, SQL, programming and AI/ML topics.'},
id='claf225c4563c33357fc619815ea3f05')]}

=====
```

```
Windows PowerShell
[HUMAN REVIEW] Graph paused.
[HUMAN REVIEW] Waiting for human input...

Graph execution paused for human review.
Current state:
{'user_input': 'I want to learn Python', 'category': 'technical', 'route': 'technical', 'response': 'Technical response: I can help w
ith Python, Java, SQL, programming and AI/ML topics.', '__interrupt__': [Interrupt(value={'message': 'Please review the response and
